DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 9/6/2006 has been entered.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Troy Schmelzer (Reg. # 36,667) on 9/13/2006.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art of record (namely, Morikawa U.S. 6,041,165, Ikuo JP 09352379, Shibaki U.S. 5,724,490, Katsumasa, JP 05162008, Matsubara U.S. 5,920,744 and Rikima U.S. 5,918,088) do not disclose, teach or suggest, carrying out both-side recording under a first control mode in which when images of two pages that are in relationship of a front page and a back page are stored in the image memory, regardless of whether the images are received in the order of front pages and then back pages or alternating front page then back page, the images of the two pages are recorded on both sides of a sheet, and are erased from the image memory, and under a second control mode in which after images of all pages have been received and stored in the image memory, the both-side recording is started, wherein when free space in the image memory is more than a predetermined amount, the both-side recording is carried out under the second control mode, and when the free space in the image memory is not more than the predetermined amount, the both-side recording is carried out under the first control mode, as claimed in independent claim 16. Similar claimed features are

claimed in independent claim 1, therefore, claim 1 is allowed for the same reasons as mentioned above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
